FOR SPECIALISTS

Referral portals fail.

They treat your referring doctors like outsiders who need an access code for every update.

INSIDE A CASE

Ask the GP. The answer stays with the patient.

1. **Unread @mentions for your team**
2. **The GP's reply, tagged to the right person, saved with the case**

CLOSED LOOP

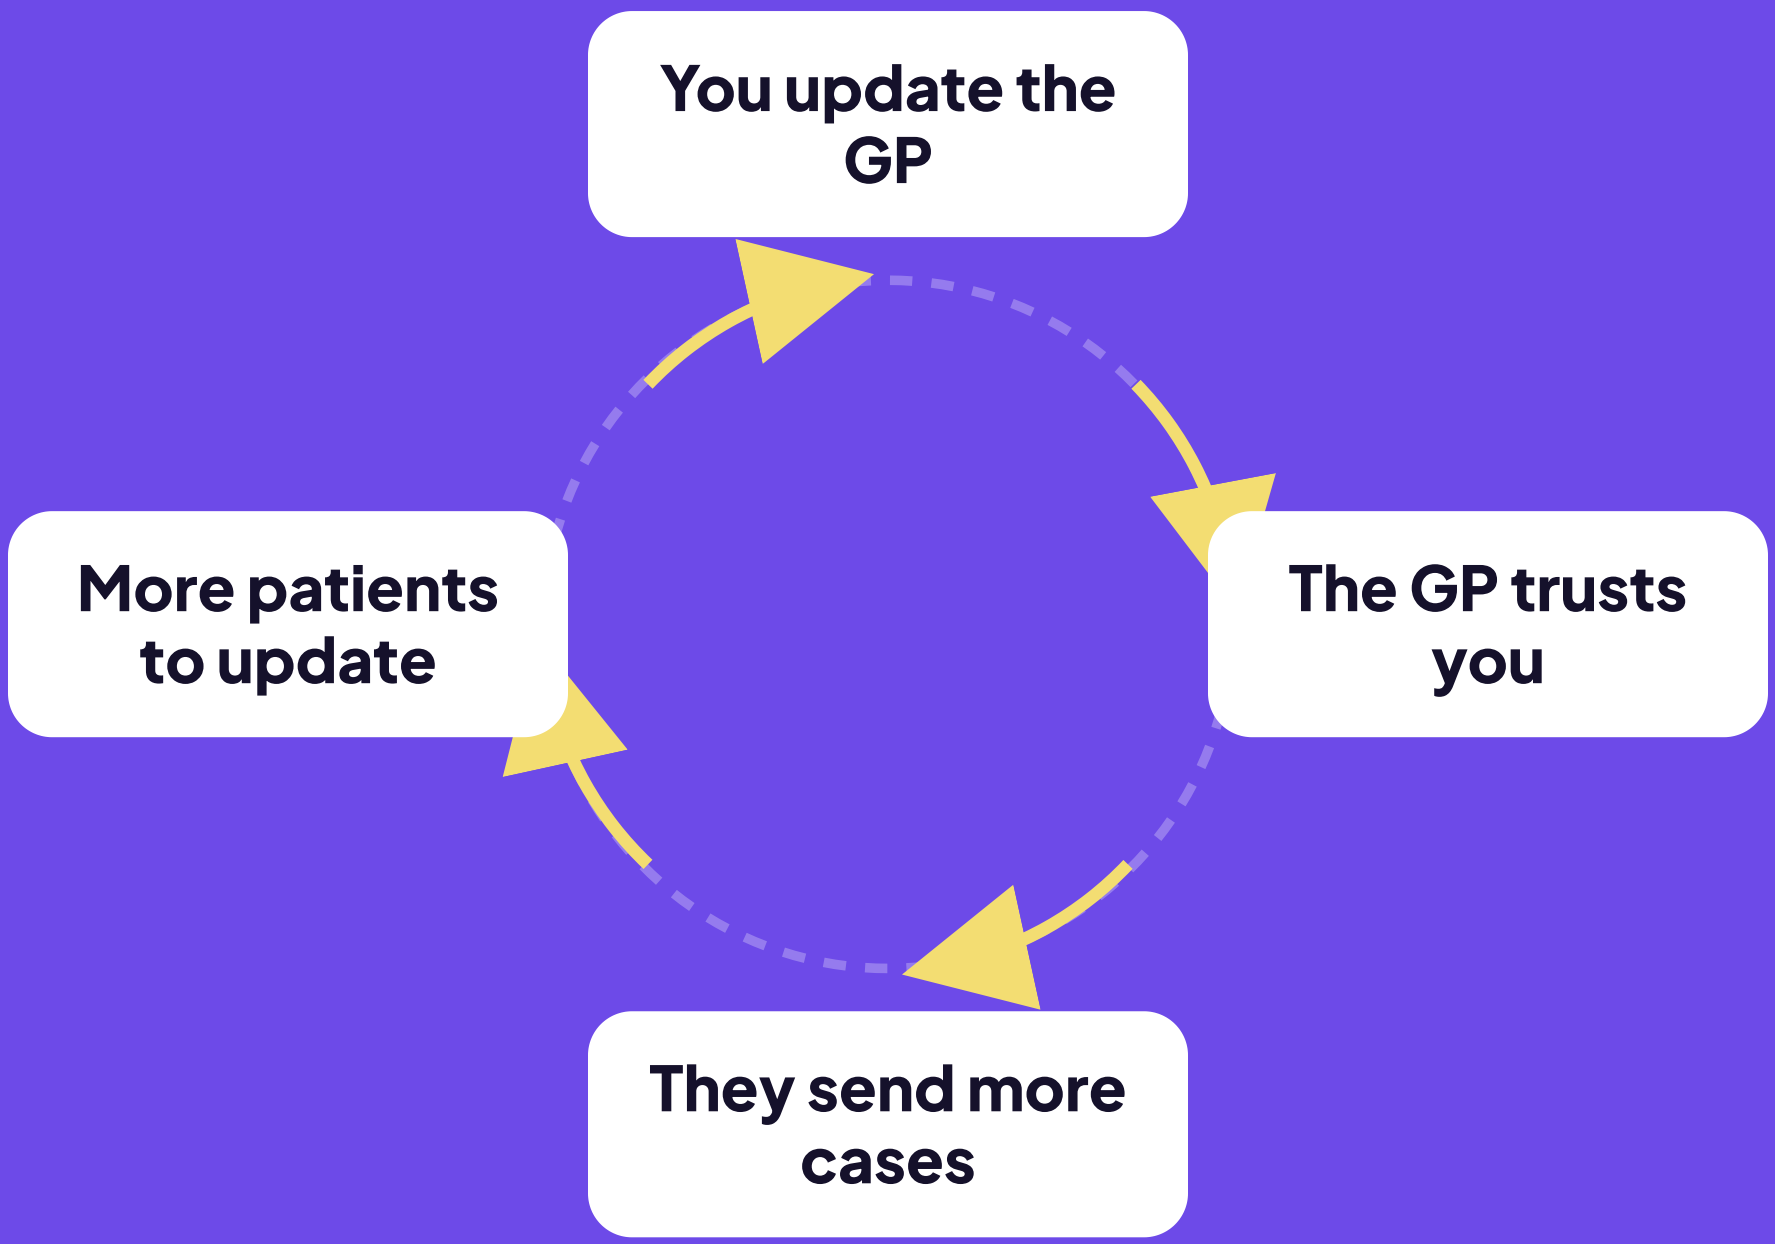

The GP sees every milestone in seconds.

- Case received — GP notified
- Outreach made — GP notified
- Consultation scheduled — GP notified
- Post-op complete — GP notified
- Returned for restorative care — GP notified

WHY IT MATTERS

GPs don't leave over skill. They leave over silence.

THE RETURN

One extra referral pays for the system.

Keep GPs informed, keep the referrals coming, and the software covers itself.

TOOTHREFERRAL

Like Slack, built only for dental referrals.

Live in about 5 minutes. Invite your referring offices the same day.
