BEFORE YOUR NEXT REFERRAL

5 questions to ask your referral form

1. Is it **HIPAA compliant and encrypted?**
2. Does it carry **X-rays and insurance**, or just a name?
3. Can the referring dentist **see the status** without calling?
4. Does a **signed completion note** go back when treatment is done?
5. Can you see **who refers, and how fast you called**?

Five no's? Your form is sending emails, not referrals.
