This Will Cost You Money

Curiosity hook (library #7). The money in lost referrals, then the dashboard that keeps every one.

LENGTH	MADE IN	GOAL
8 clips × 8 s = 64 s	Google Flow, one 8 s clip per segment	Value first, one soft call to action at the end (check out ToothReferral). No prices.

Why this version

Money is the fastest attention-grabber for practice owners, and it is true: a lost referral is a patient who books elsewhere. The rest shows how nothing gets lost.

The whole script at a glance

00-08 s	**Hook** · “This will cost you money: every referral that gets lost is a patient who books somewhere else.”
08-16 s	**How it happens** · “And it happens quietly: a fax on the wrong desk, a voicemail nobody plays, an email from June.”
16-24 s	**One list** · “So here's how incoming referrals should look: one list, every office, every patient, nothing buried.”
24-32 s	**New lands on top** · “New referral? It lands at the top, marked New, with the referring office and the date it came in.”
32-40 s	**Search and filter** · “Search any patient, filter by status or month, and see who still needs a call. Nothing slips.”
40-48 s	**Everything ready** · “Open it, and everything is there: diagnosis, X-rays, insurance cards, front and back. Ready before the patient sits down.”
48-56 s	**A patient kept** · “Then one status update tells the referring office the consult is booked. That's a patient you kept.”
56-64 s	**Call to action** · “Stop losing patients you were already sent. Check out Tooth Referral and keep every referral in one place.”

Before you generate

- **One clip = one segment = 8 seconds.** Keep every line to the words written (14 to 20 words fits 8 s at a natural pace). Longer lines get rushed or cut.
- **Start and end every clip in the rest pose.** Hands relaxed at chest height, looking at camera, mouth closed for about half a second at the very start and end. This is what lets me join the clips so they feel like one take.
- **Gestures happen inside the frame, at chest-to-shoulder height.** A hand that leaves the frame cannot be tracked, and the animation that rides on it has nowhere to land.
- **Point at the same places every time.** Upper-left = where the dashboard panel will appear. Right side = where chat / notifications appear. Keep these consistent so the animations always land where he points.
- **Paste the dark 'Google Flow prompt' box as is, one box per clip.** Each box is complete on its own: camera, a second-by-second beat sheet of hand gestures with the words they land on, facial expression, head movement and the spoken line. The same prompts are in the matching -Flow-prompts.txt file, which copies cleaner than a PDF. If Flow blocks a swear word, use the clean line given at the end of that prompt.

Gesture key (what each gesture turns into in the edit)

POINT	index finger to a spot: a panel, callout or highlight appears there
SWIPE	flat hand across the body: the screen changes in that direction
COUNT	fingers 1-2-3: items pop in one per finger
TAP	a small forward finger tap in the air: a click / button press
PINCH-OUT	fingers spread apart: zoom into the dashboard
JOIN	hands come together / fingers interlock: offices connect into one network
TOSS	flick over the shoulder: the old way gets thrown out of frame

01 Hook 00-08 s

> **“This will cost you money: every referral that gets lost is a patient who books somewhere else.”**

FACIAL EXPRESSION

Serious, eyebrows up; a pointed look on 'somewhere else'.

HEAD MOVEMENT

Forward lean on 'money'.

HAND GESTURES (TIMED)

0.5-2.5 s Rubs fingertips (money)
2.5-4.5 s Hand drops sharply
4.5-7.5 s Points off to the side

ON SCREEN (YOUR DASHBOARD RECORDING)

Presenter only: no dashboard yet

No screen yet.

Edit / animation riding the gesture: Hook edit (hook-reference): red full-frame flash on the first trigger word, heavy uppercase lower-third text stacking word by word (trigger words red with glow, the rest white), punch-in zooms on the 2 strongest words, a hit or whoosh on every change. Text: THIS WILL COST YOU / MONEY (red); a dollar counter ticks down; a patient card slides off to 'another office'.

Google Flow prompt (copy all of this box):

Vertical 9:16 video, 8 seconds, one continuous shot of the same presenter, speaking directly to camera.
Camera: locked off, eye level, medium close-up from mid-chest up, the same framing for the whole clip: no zoom, no cuts, no camera movement. Both hands always stay inside the frame, between chest and shoulder height.
Eyes: steady eye contact with the camera lens for the whole clip.
0.0-0.5 s: Rest pose, hands relaxed together at chest height, shoulders loose, looking straight into the lens, mouth closed.
0.5-2.5 s: The presenter rubs thumb and fingertips together, the gesture for money, on the words "This will cost you money:"
2.5-4.5 s: The presenter lets one hand drop sharply, as if something fell, on the words "every referral that gets lost"
4.5-7.5 s: The presenter points off to the side of the frame, on the words "is a patient who books somewhere else."
7.5-8.0 s: Returns to the same rest pose, hands relaxed together at chest height, shoulders loose, looking straight into the lens, mouth closed.
Facial expression: Serious, eyebrows up; a pointed look on 'somewhere else'.
Head movement: Forward lean on 'money'.
Gestures are natural, relaxed and conversational, not rushed; each gesture lands on the words next to it.
Dialogue, spoken to camera in a natural, confident tone and perfectly lip-synced: "This will cost you money: every referral that gets lost is a patient who books somewhere else."
Audio: only the presenter's voice, quiet room tone. No music, no subtitles, no captions, no on-screen text, no logos.

02 How it happens 08-16 s

> **“And it happens quietly: a fax on the wrong desk, a voicemail nobody plays, an email from June.”**

FACIAL EXPRESSION

Hushed, then wry.

HEAD MOVEMENT

Head follows each point.

HAND GESTURES (TIMED)

0.5-2 s	Finger to lips
2-4.5 s	Points left
4.5-6 s	Points right
6-7.5 s	Points down

ON SCREEN (YOUR DASHBOARD RECORDING)

Presenter only: no dashboard yet

No screen yet.

Edit / animation riding the gesture: A fax, a voicemail and an email from June appear exactly where each point lands, each fading to grey.

Google Flow prompt (copy all of this box):

Vertical 9:16 video, 8 seconds, one continuous shot of the same presenter, speaking directly to camera.
Camera: locked off, eye level, medium close-up from mid-chest up, the same framing for the whole clip: no zoom, no cuts, no camera movement. Both hands always stay inside the frame, between chest and shoulder height.
Eyes: steady eye contact with the camera lens for the whole clip.
0.0-0.5 s: Rest pose, hands relaxed together at chest height, shoulders loose, looking straight into the lens, mouth closed.
0.5-2 s: The presenter brings one finger briefly toward the lips, on the words "And it happens quietly:"
2-4.5 s: The presenter points to the left, on the words "a fax on the wrong desk,"
4.5-6 s: The presenter points to the right, on the words "a voicemail nobody plays,"
6-7.5 s: The presenter points down toward the bottom of the frame, on the words "an email from June."
7.5-8.0 s: Returns to the same rest pose, hands relaxed together at chest height, shoulders loose, looking straight into the lens, mouth closed.
Facial expression: Hushed, then wry.
Head movement: Head follows each point.
Gestures are natural, relaxed and conversational, not rushed; each gesture lands on the words next to it.
Dialogue, spoken to camera in a natural, confident tone and perfectly lip-synced: "And it happens quietly: a fax on the wrong desk, a voicemail nobody plays, an email from June."
Audio: only the presenter's voice, quiet room tone. No music, no subtitles, no captions, no on-screen text, no logos.

03 One list 16-24 s

> **“So here's how incoming referrals should look: one list, every office, every patient, nothing buried.”**

FACIAL EXPRESSION

Calm and sure.

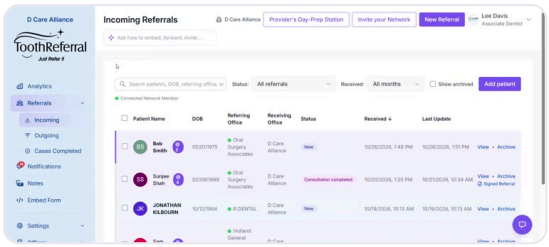

HEAD MOVEMENT

Turns to the upper-left panel, back to camera on 'nothing buried'.

HAND GESTURES (TIMED)

0.5-4 s	Presents up-left
4-6.5 s	Three taps along a line
6.5-7.5 s	Flat hand slices sideways

ON SCREEN (YOUR DASHBOARD RECORDING)

rec 0:00-0:06 Incoming Referrals list.

Edit / animation riding the gesture: Split: the real list on top; rows cascade in on the three taps; 'one list' frame.

Google Flow prompt (copy all of this box):

Vertical 9:16 video, 8 seconds, one continuous shot of the same presenter, speaking directly to camera.
Camera: locked off, eye level, medium close-up from mid-chest up, the same framing for the whole clip: no zoom, no cuts, no camera movement. Both hands always stay inside the frame, between chest and shoulder height.
Eyes: steady eye contact with the camera lens for the whole clip.
0.0-0.5 s: Rest pose, hands relaxed together at chest height, shoulders loose, looking straight into the lens, mouth closed.
0.5-4 s: The presenter presents an open palm toward the upper left, on the words "So here's how incoming referrals should look:"
4-6.5 s: The presenter taps the air three times along an invisible line, on the words "one list, every office, every patient,"
6.5-7.5 s: The presenter slices a flat hand sideways, 'instead', on the words "nothing buried."
7.5-8.0 s: Returns to the same rest pose, hands relaxed together at chest height, shoulders loose, looking straight into the lens, mouth closed.
Facial expression: Calm and sure.
Head movement: Turns to the upper-left panel, back to camera on 'nothing buried'.
Gestures are natural, relaxed and conversational, not rushed; each gesture lands on the words next to it.
Dialogue, spoken to camera in a natural, confident tone and perfectly lip-synced: "So here's how incoming referrals should look: one list, every office, every patient, nothing buried."
Audio: only the presenter's voice, quiet room tone. No music, no subtitles, no captions, no on-screen text, no logos.

04 New lands on top 24-32 s

> **“New referral? It lands at the top, marked New, with the referring office and the date it came in.”**

FACIAL EXPRESSION

Bright, helpful.

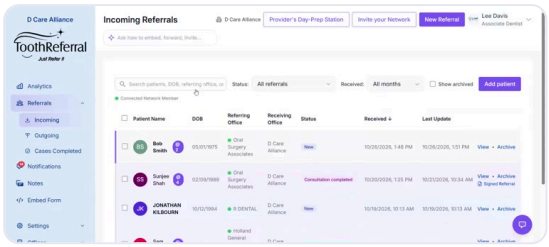

HEAD MOVEMENT

Small nod on 'New'.

HAND GESTURES (TIMED)

0.5-1.5 s Eyebrows up, finger up
1.5-4 s Places hand flat from above
4-7.5 s Points along a row

ON SCREEN (YOUR DASHBOARD RECORDING)

rec 0:00-0:06 New badges, Referring Office, Received.

Edit / animation riding the gesture: A new row slides in at the top with a pulsing 'New' badge; Referring Office and Received light up as the finger moves.

Google Flow prompt (copy all of this box):

Vertical 9:16 video, 8 seconds, one continuous shot of the same presenter, speaking directly to camera.
Camera: locked off, eye level, medium close-up from mid-chest up, the same framing for the whole clip: no zoom, no cuts, no camera movement. Both hands always stay inside the frame, between chest and shoulder height.
Eyes: steady eye contact with the camera lens for the whole clip.
0.0-0.5 s: Rest pose, hands relaxed together at chest height, shoulders loose, looking straight into the lens, mouth closed.
0.5-1.5 s: The presenter raises the eyebrows and one index finger, on the words "New referral?"
1.5-4 s: The presenter lowers a flat hand from above, as if placing something on top, on the words "It lands at the top, marked New,"
4-7.5 s: The presenter points left, then moves the finger to the right along an invisible row, on the words "with the referring office and the date it came in."
7.5-8.0 s: Returns to the same rest pose, hands relaxed together at chest height, shoulders loose, looking straight into the lens, mouth closed.
Facial expression: Bright, helpful.
Head movement: Small nod on 'New'.
Gestures are natural, relaxed and conversational, not rushed; each gesture lands on the words next to it.
Dialogue, spoken to camera in a natural, confident tone and perfectly lip-synced: "New referral? It lands at the top, marked New, with the referring office and the date it came in."
Audio: only the presenter's voice, quiet room tone. No music, no subtitles, no captions, no on-screen text, no logos.

05 Search and filter 32-40 s

> **“Search any patient, filter by status or month, and see who still needs a call. Nothing slips.”**

FACIAL EXPRESSION

Practical, a small smile.

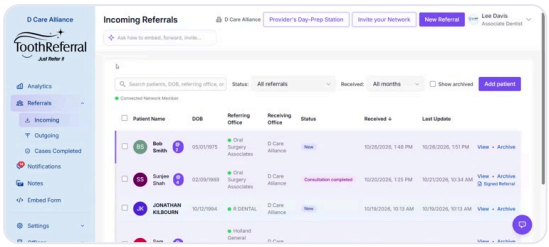

HEAD MOVEMENT

Steady.

HAND GESTURES (TIMED)

0.5-1.5 s Types in the air
1.5-4 s Two-finger flick down
4-7.5 s Closes hand gently

ON SCREEN (YOUR DASHBOARD RECORDING)

rec 0:00-0:06 search, Status and Received filters.

Edit / animation riding the gesture: The cursor types 'Smith' in search, picks Status: New, one row highlights; zoom in on the filters.

Google Flow prompt (copy all of this box):

Vertical 9:16 video, 8 seconds, one continuous shot of the same presenter, speaking directly to camera.
Camera: locked off, eye level, medium close-up from mid-chest up, the same framing for the whole clip: no zoom, no cuts, no camera movement. Both hands always stay inside the frame, between chest and shoulder height.
Eyes: steady eye contact with the camera lens for the whole clip.
0.0-0.5 s: Rest pose, hands relaxed together at chest height, shoulders loose, looking straight into the lens, mouth closed.
0.5-1.5 s: The presenter mimes typing in the air, on the words "Search any patient,"
1.5-4 s: The presenter flicks two fingers downward, like choosing from a list, on the words "filter by status or month,"
4-7.5 s: The presenter closes one hand gently, as if holding on to something, on the words "and see who still needs a call. Nothing slips."
7.5-8.0 s: Returns to the same rest pose, hands relaxed together at chest height, shoulders loose, looking straight into the lens, mouth closed.
Facial expression: Practical, a small smile.
Head movement: Steady.
Gestures are natural, relaxed and conversational, not rushed; each gesture lands on the words next to it.
Dialogue, spoken to camera in a natural, confident tone and perfectly lip-synced: "Search any patient, filter by status or month, and see who still needs a call. Nothing slips."
Audio: only the presenter's voice, quiet room tone. No music, no subtitles, no captions, no on-screen text, no logos.

06 Everything ready 40-48 s

> **“Open it, and everything is there: diagnosis, X-rays, insurance cards, front and back. Ready before the patient sits down.”**

FACIAL EXPRESSION

Satisfied.

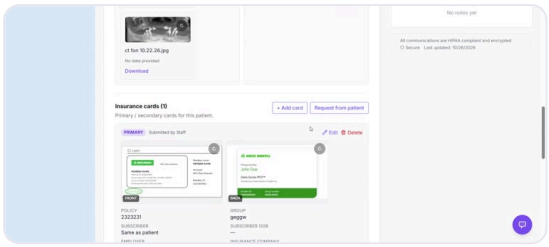

HEAD MOVEMENT

Nods with the count.

HAND GESTURES (TIMED)

0.5-2.5 s Opens hands like a book
2.5-5.5 s Counts on fingers
5.5-7.5 s Palm lowers (sits down)

ON SCREEN (YOUR DASHBOARD RECORDING)

rec 0:24-0:34 diagnosis, X-rays, insurance cards.

Edit / animation riding the gesture: Cursor dives into the referral: zoom on the diagnosis, the X-ray, then the insurance card flips front to back.

Google Flow prompt (copy all of this box):

Vertical 9:16 video, 8 seconds, one continuous shot of the same presenter, speaking directly to camera.
Camera: locked off, eye level, medium close-up from mid-chest up, the same framing for the whole clip: no zoom, no cuts, no camera movement. Both hands always stay inside the frame, between chest and shoulder height.
Eyes: steady eye contact with the camera lens for the whole clip.
0.0-0.5 s: Rest pose, hands relaxed together at chest height, shoulders loose, looking straight into the lens, mouth closed.
0.5-2.5 s: The presenter opens both hands like opening a book, on the words "Open it, and everything is there:"
2.5-5.5 s: The presenter counts three items on the fingers, on the words "diagnosis, X-rays, insurance cards, front and back."
5.5-7.5 s: The presenter lowers an open palm slowly, as if someone sits down, on the words "Ready before the patient sits down."
7.5-8.0 s: Returns to the same rest pose, hands relaxed together at chest height, shoulders loose, looking straight into the lens, mouth closed.
Facial expression: Satisfied.
Head movement: Nods with the count.
Gestures are natural, relaxed and conversational, not rushed; each gesture lands on the words next to it.
Dialogue, spoken to camera in a natural, confident tone and perfectly lip-synced: "Open it, and everything is there: diagnosis, X-rays, insurance cards, front and back. Ready before the patient sits down."
Audio: only the presenter's voice, quiet room tone. No music, no subtitles, no captions, no on-screen text, no logos.

07 A patient kept 48-56 s

> **“Then one status update tells the referring office the consult is booked. That's a patient you kept.”**

FACIAL EXPRESSION

Warm, quietly proud.

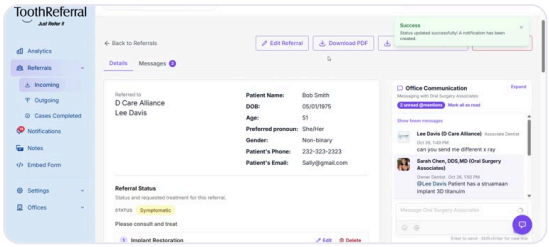

HEAD MOVEMENT

Slow nod on 'kept'.

HAND GESTURES (TIMED)

0.5-2 s	Small tap forward
2-5.5 s	Palm passes right
5.5-7.5 s	Closes hand, holding

ON SCREEN (YOUR DASHBOARD RECORDING)

rec 1:02-1:05 Success toast.

Edit / animation riding the gesture: Status → Consultation Scheduled, the Success toast; the dollar counter from the hook reverses: '+1 patient kept'.

Google Flow prompt (copy all of this box):

Vertical 9:16 video, 8 seconds, one continuous shot of the same presenter, speaking directly to camera.
Camera: locked off, eye level, medium close-up from mid-chest up, the same framing for the whole clip: no zoom, no cuts, no camera movement. Both hands always stay inside the frame, between chest and shoulder height.
Eyes: steady eye contact with the camera lens for the whole clip.
0.0-0.5 s: Rest pose, hands relaxed together at chest height, shoulders loose, looking straight into the lens, mouth closed.
0.5-2 s: The presenter makes one small forward press with the fingertips, on the words "Then one status update"
2-5.5 s: The presenter moves an open hand smoothly out to the right, on the words "tells the referring office the consult is booked."
5.5-7.5 s: The presenter closes one hand gently in front of the chest, as if holding something, on the words "That's a patient you kept."
7.5-8.0 s: Returns to the same rest pose, hands relaxed together at chest height, shoulders loose, looking straight into the lens, mouth closed.
Facial expression: Warm, quietly proud.
Head movement: Slow nod on 'kept'.
Gestures are natural, relaxed and conversational, not rushed; each gesture lands on the words next to it.
Dialogue, spoken to camera in a natural, confident tone and perfectly lip-synced: "Then one status update tells the referring office the consult is booked. That's a patient you kept."
Audio: only the presenter's voice, quiet room tone. No music, no subtitles, no captions, no on-screen text, no logos.

08 Call to action 56-64 s

> **“Stop losing patients you were already sent. Check out Tooth Referral and keep every referral in one place.”**

FACIAL EXPRESSION

Sincere, inviting.

HEAD MOVEMENT

Small nod on 'Tooth Referral'.

HAND GESTURES (TIMED)

0.5-3 s	Palm out: stop
3-5 s	Points down
5-7.5 s	Gathers hands in

ON SCREEN (YOUR DASHBOARD RECORDING)

End card: logo and link

End card: ToothReferral logo and link.

Edit / animation riding the gesture: Logo and toothreferral.com rise where the hand points; office badges gather into 'one place'; end card.

Google Flow prompt (copy all of this box):

Vertical 9:16 video, 8 seconds, one continuous shot of the same presenter, speaking directly to camera.
Camera: locked off, eye level, medium close-up from mid-chest up, the same framing for the whole clip: no zoom, no cuts, no camera movement. Both hands always stay inside the frame, between chest and shoulder height.
Eyes: steady eye contact with the camera lens for the whole clip.
0.0-0.5 s: Rest pose, hands relaxed together at chest height, shoulders loose, looking straight into the lens, mouth closed.
0.5-3 s: The presenter leans forward slightly and raises an open palm toward the camera, a firm 'stop', on the words "Stop losing patients you were already sent."
3-5 s: The presenter points down toward the bottom of the frame, on the words "Check out Tooth Referral"
5-7.5 s: The presenter sweeps both open hands in toward the chest, gathering, on the words "and keep every referral in one place."
7.5-8.0 s: Returns to the same rest pose, hands relaxed together at chest height, shoulders loose, looking straight into the lens, mouth closed.
Facial expression: Sincere, inviting.
Head movement: Small nod on 'Tooth Referral'.
Gestures are natural, relaxed and conversational, not rushed; each gesture lands on the words next to it.
Dialogue, spoken to camera in a natural, confident tone and perfectly lip-synced: "Stop losing patients you were already sent. Check out Tooth Referral and keep every referral in one place."
Audio: only the presenter's voice, quiet room tone. No music, no subtitles, no captions, no on-screen text, no logos.

Demo data on screen (patients, offices, phone numbers) comes from the dashboard recording and is fictional. Hooks follow .claude/skills/hook-reference (the user's chosen references).
